

Health Improvement Fund for Fast Track Cities

Fast Track cities (FTC) is a global partnership between cities and municipalities around the world. In February 2023, Leeds became the first city in the Yorkshire and Humber region to become a Fast Track city signing the Paris and Sevilla declaration, joining over 500 cities globally. ([Paris and Sevilla Declarations – International Association of Providers of AIDS Care \(iapac.org\)](#)). Joining over 500 cities globally who declared to ending HIV, viral Hepatitis and Tuberculosis by 2030.

The Health Improvement fund has been developed by the FTC steering group to facilitate opportunities for innovation and cross-partnership working on projects that address the FTC goals and ambitions. Through a funding pot established by Leeds City Council's Public Health, this fund will allow organisations in Leeds to bid for grants that work towards raising awareness of symptoms and testing, addressing stigma and improving access to treatment.

Funding Priorities

Any grant proposals must include and focus on one or more areas below:

1. **Enhance Testing and Treatment:** Increase access to HIV, TB, and viral hepatitis testing and treatment services to ensure early diagnosis and effective management.
2. **Reduce New Infections:** Implement prevention and engagement/retention in care programs to significantly reduce new infections of HIV, TB, and viral hepatitis
3. **Combat HIV, TB and Hepatitis Stigma and Discrimination:** Develop initiatives to eliminate stigma and discrimination associated with these diseases, particularly in healthcare settings.
4. **Support Community-Led Responses:** Empower and fund community-based organisations to lead local health responses to HIV, TB and Viral hepatitis and provide support services.

5. **Promote Integrated Health Services:** Integrate HIV, TB, and viral hepatitis services with other health and social services to provide comprehensive care.
6. **Foster Innovation:** Encourage the development and implementation of innovative approaches to prevention, treatment, and care.

Preparing the proposal

- This funding opportunity is intended to support new work.
- Activities or projects that are currently funded through existing grants, contracts, or other financial support mechanisms are not eligible for funding under this grant.
- Applicants must clearly demonstrate that the proposed work is distinct from any work already funded and must disclose all current sources of funding relevant to the proposed activities.
- Panel: grant reviewers will be selected from the FTC leadership group. To avoid a conflict of interest, grant reviewers will not score their own organisational submissions. Depending on the number of bids received the grant reviewers will rotate and be selected from varied backgrounds.
- Collaborative bids are welcomed. While proposals will have a lead organisation, we expect providers to work closely with all necessary parties to develop the bids.
- Please ensure you have support from relevant commissioners.
